

Repair Schedule	
Repair Packages	
Pre Ride Check up	40
<p>Ideal for bikes in good shape but may need a bit of adjusting. Service includes checking bearing surfaces for tightness, lube drivetrain, minor wheel true, adjust brakes, adjust shifting, verify if bolts are tight and do minor wipe down of bike. We can make recommendations on replacing worn out parts or cables as needed. Parts extra!</p>	
Pre/Post Trip Tune up	75
<p>Same service as above but we pull bottom bracket and clean, clean drivetrain, do a more intensive wheel true and clean bike. Again we will make recommendations on replacing worn parts. Parts extra!</p>	
Pre/Post Trip Rejuvenation	135
<p>This is for when you are getting ready for a trip or are returning from a trip and want someone else to deal with it. This is where we come in. We will tune bike to work and look as new as possible. We can also help with bag fitting! Parts and bags not included!</p>
